Description

Fully functioning and fully operational VV holiday establishment with high profit margin for sale in the north of Lanzarote.

The establishment consists of 8 independent villas, which simulate a small Canarian village.

This authentic Canarian village has many details that bring us back to the typical Canarian construction of the beginning of the 20th century, with details such as the feeding trough for the camels, its mooring, etc, making this place an authentic and unique environment.

The villas consist of two and three bedrooms, plus the main house with 4 bedrooms and a heated indoor swimming pool. The main house also has a private bodega with a beautiful Canarian patio and a spectacular barbecue area.
